Rowan Homework- Autumn Term 2018

Please choose at least one task to complete each week and write the task's number in the box below the date as you do them. We will stamp this sheet on a Thursday afternoon when we see your fantastic homework! Some of the activities will take longer than others so think about which ones you could take a bit longer on and maybe receive a reward for! There are more activities on here than there are weeks in the term so you do not have to complete all of them! I can't wait to see how creative you can be! ☺ You can also email your homework to rowan@asfordbyhill.leics.sch.uk (please remind Miss Tierney to check it!)

1. Create a poster/ explanation/ display about Melton Mowbray to encourage people to visit our town.
2. Track and record the weather for a week for Melton Mowbray.
3. Create an exercise log for a week including pictures if you can!
4. Calculate how much it costs to cook a recipe of your choice, cook it for your family if you can!
5. Measure and record the height and weight of at least 10 items in your home.
6. Write a diary entry for yourself for at least 2 days.
7. Write a letter to someone, persuading them to make a change/ to someone who inspires you.
8. Write a poem (about ANYTHING that you like!).
9. Write a set of instructions for how to make do something that you enjoy, such as a recipe.
10. Visit a park in our local area. Can you find any evidence of animals living there?
11. Try out three different ways of learning your spellings. Which one was the most effective?
12. Design a meal that follows the rules of the 'Eatwell Plate'.
13. Try out three different ways of learning your times tables. Which one would you use again?
14. Create a map of Melton Mowbray including some key landmarks.
15. Write a letter to your favourite author.
16. Create a 'how to' guide for the different ways to add two-digit numbers together.
17. What are the three main types of rock? Draw or write about how they are different.
18. Write a list of five questions that you would like to ask someone from the Stone Age.
19. Design a piece of cave art using materials of your choice.
20. People during the Stone Age built shelters to live in using materials they had gathered. Gather some natural materials and build a model shelter.
