- report to a teacher or other member of Asfordby Hill Primary School staff any health and safety concerns that they may have

3.0 Organisational Arrangements for Health and Safety

3.1 The following arrangements will be adopted to ensure that the Governing Body and the Headteacher fulfil their responsibilities and provide the foundation for securing the health and safety of employees and all users of the site

Setting health and safety objectives

3.2 The Governing Body and the Headteacher will specifically review progress of health and safety objectives at the termly meeting of the Governing Body. Where necessary health and safety improvements will be identified and included within the Asfordby Hill Primary School's action plan.

Provision of effective health and safety training

3.3 The Governing Body and the Headteacher will consider health and safety training on an annual basis in line with the Asfordby Hill Primary School's health and safety training matrix focussing on mandatory training as a priority.

Provision of an effective joint consultative process

3.4 The Asfordby Hill Primary School FSAP committee will meet at least once per term. This committee will report to the Governing Body and the Headteacher, who will ensure that concerns are considered and addressed within a clear action plan, with identified responsibilities and target dates. The committee membership will include (as a minimum) a member of the senior leadership team, a member of staff, a member of the site management team, a member of the Governing Body.

Establishing adequate health and safety communication channels

3.5 Communication channels will be established for the exchange of health and safety knowledge and information. Where necessary, these communications will be recorded and include:

- senior leadership team meetings and staff meetings
- site health and safety committee
- provision of information relating to safe systems of work and risk assessments
- training provided
- communications with relevant specialist advisors and bodies

3.6 Where health and safety issues cannot be resolved at local level, they will be escalated through the management structure as appropriate.

Financial resources

3.7 The Governing Body along with the Headteacher will review the Asfordby Hill Primary School budget to determine, in the light of past performance, if adequate resources are being deployed to ensure adequate health and safety management and control.

Specialist advice/support

3.8 Asfordby Hill Primary School will ensure that access to competent technical advice on health and safety matters is procured to assist the Asfordby Hill Primary School in complying with statutory duties and meeting health and safety objectives; the Asfordby Hill Primary School will do this by;

- Accessing the services of a competent Health and Safety Advisor through Leicestershire County Council Health, Safety and Wellbeing Service
- Asfordby Hill Primary School will be audited by Leicestershire Traded Services Health and Wellbeing team every 2-3 years and audit reports will be reported to FSAP and advice acted upon appropriately.

4.0 Organisation - Other Arrangements

4.6 Asfordby Hill Primary School comply with the HSE's approved code of practice Control of Substances Hazardous to Health (L5) relating to the management and control of hazardous substances on site. The Asfordby Hill Primary School will ensure:

- an inventory of all hazardous substances on site is kept and updated regularly
- wherever possible non-hazardous substances are used and if this is not possible the least harmful substance is used
- a COSHH risk assessment will be completed for all hazardous substances used and shared with relevant staff
- wherever possible exposure to hazardous substances is prevented, where exposure cannot be prevented, a risk assessment will be carried out and controls measures implemented

- where identified as part of the risk assessment, appropriate PPE will be provided to staff
- any requirement for exposure monitoring or health surveillance will be carried out
- sufficient information, instruction and training is given to staff to ensure full understanding of the hazards to health posed by substances in the workplace and the importance of control measures provided
- training records are maintained for those who receive training
- information will also be given to others who may be affected, such as contractors, temporary staff and visitors
- only substances purchased through the school's procurement systems can be used on site
- substances are stored correctly and those that are no longer used are disposed of as per the substance's safety data sheet
- COSHH risk assessments are monitored quarterly and reviewed annually
- As per legal requirements all dangerous occurrences and near miss incidents that are RIDDOR reportable incidents, will be reported to the HSE within the required timescale.
- All incidents will be investigated in an attempt to identify the root cause: relevant local policies, procedures and risk assessments will be reviewed and revised as required. All premises related issues will be addressed in a timely manner. Any relevant learning from investigations will be communicated to relevant staff, pupils etc.

Defect reporting

4.7 Asfordby Hill Primary School has a defect reporting procedure whereby any damage or defect to the premises, equipment or furnishings is reported. Defective equipment is isolated and labelled as defective to prevent use until replaced or repaired. Where premises defects are identified a dynamic assessment is carried out to decide whether an area should be isolated or cordoned off whilst awaiting repair.

Display screen equipment (DSE)

4.8 Asfordby Hill Primary School acknowledges that staff who use DSE should have suitable equipment to undertake the tasks that they are required to carry out, knows how to safely use the equipment and have a DSE assessment which is reviewed at suitable intervals. The Asfordby Hill Primary School ensures that:

- all static workstations used by staff meet the minimum standards required
- equipment is maintained in good working condition
- staff are aware of best practice in using DSE and issued with relevant information
- staff whose roles require significant use of DSE are prioritised for individual assessment
- assessments are reviewed at least bi-annually, earlier if there are significant changes to equipment/layout individual health
- a trained DSE assessor is available, accessed the SHINE online system.

Driving

4.9 All staff that drive their own cars for work purposes must have a full UK driving licence, business insurance and maintain their vehicle in a road worthy condition. Annual checks will be undertaken and documented.

Electrical systems and equipment

4.10 Asfordby Hill Primary School maintains and services electrical systems and equipment in line with statutory guidance and best practice. Electrical systems (hard wiring) is periodically inspected every 5 years by a competent contractor and records maintained; any remedial works recommended are acted upon in a timely manner.

- 4.11 Portable electric appliances have a portable appliance test (PAT) carried out, in line with HSE guidance *'Maintaining portable electrical equipment in low risk environments'* (INDG236), by a competent contractor with records maintained.
- 4.12 Formal termly workplace inspections are undertaken whereby all equipment is visually inspected. Staff are instructed to undertake a visual inspection of equipment prior to use and not to use any equipment that appears damaged or defective. The Asfordby Hill Primary School's defect reporting procedure is followed as required.

Fire safety

- 4.13 The Asfordby Hill Primary School is committed to providing a safe environment for both staff and pupils. The Asfordby Hill Primary School manages the risk of fire by ensuring:
- a detailed fire and emergency evacuation plan has been developed that clearly details actions to be taken when a fire is identified or suspected, individual responsibilities and arrangements for safe evacuation, this will include the development of a Personal Emergency Evacuation Plan (PEEP) for any person requiring assistance in an evacuation.
 - an annual type 1 and a 5 yearly type 2 fire risk assessment must be in place and reviewed on a regular basis. Actions highlighted in the risk assessments will be completed in order of priority highlighted by the assessors within the assessments.
 - statutory inspections are carried out on all fire related systems and equipment either both by competent contractors and in house by trained staff
 - all staff receive fire awareness training that is regularly updated, and fire marshals receive role specific instruction
 - a fire drill is undertaken at least termly to practice evacuation arrangements and to ensure that the evacuation procedure is carried out successfully and as expected.
 - A fire log book is kept and maintained

First-aid and supporting pupils' medical conditions

- 4.14 Adequate first aid arrangements are assessed, maintained and monitored at the Asfordby Hill Primary School and for all activities that the Asfordby Hill Primary School leads. The Asfordby Hill Primary School ensures that:
- the number of first aiders and appointed persons meets recommendations and adequate cover is available to cover for annual leave and unexpected absences
 - all first aiders and appointed persons hold a valid certificate of competence, the Asfordby Hill Primary School maintains a register of all qualified staff and will arrange re-training as necessary
 - first aid notices are clearly displayed around the Asfordby Hill Primary School
 - sufficient numbers of suitably stocked first aid boxes are available and checked periodically to ensure they are adequately stocked
 - a suitable area is available for the provision of first aid
 - staff are regularly informed of first aid arrangements within Asfordby Hill Primary School, through induction, teacher training days and the staff handbook which is issued annually
 - where first aid has been administered this is recorded in the first aid treatment book
 - correct reporting procedures are followed including those required under RIDDOR regulations
 - individual risk assessments have been carried out which consider first aid provision for lone workers and employees who travel in works vehicles that carry passengers.

- information, instruction and training will be provided to staff on any specific medical conditions of pupils and the procedures to follow in case of an emergency
- children with medical conditions will be cared for in line with the medical conditions policy
- medication shall be kept securely in line with the medical conditions policy

Glass & Glazing

- 4.15 Asfordby Hill Primary School will comply with the Workplace (Health, Safety and Welfare) Regulations 1992 and the Approved Code of Practice L24 as it relates to glass and glazing
- 4.16 The Asfordby Hill Primary School will survey its glass surfaces in doors, windows and door side panels for the presence of safety glass and where appropriate will make remedial actions to install safety glass or film and have it suitably marked to that effect

Grounds - Safety/Security

Safety

- 4.17 Asfordby Hill Primary School will ensure that there is safe access and egress from the buildings and grounds including balancing the need for security with the need for emergency escape. The Asfordby Hill Primary School will ensure that there is a regime for maintaining the grounds, perimeter demarcation (where owned) and equipment e.g. outdoor play equipment

Security

Asfordby Hill Primary School has an Intruder alarm which is monitored by Proudcastle. An internal door prevents unauthorised access. Visitors are required to sign in. All external doors are accessible via a fob/code entry system.

Housekeeping – storage, cleaning & waste disposal

- 4.18 The Asfordby Hill Primary School will ensure that there is suitable and sufficient storage including systems for ensuring that items are included on an inventory and checked periodically where necessary for safety.
- 4.19 The Asfordby Hill Primary School will ensure that there are systems in place for cleanliness, to minimise the accumulation of rubbish, for the removal and disposal of controlled waste and for the cleaning of spills/ wet floors to minimise the risk of slips. The Asfordby Hill Primary School will ensure that there is suitable and sufficient external waste bins secured from the risks of arson and tampering.
- 4.20 Where applicable and to accommodate the requirements of environmental legislation the Asfordby Hill Primary School will arrange for suitable disposal/recycling of relevant items e.g. fluorescent lighting and waste electrical appliances.
- 4.21 Suitable arrangements will be made for the clearing of snow as part of winter preparedness.

Lone working

- 4.22 Asfordby Hill Primary School will ensure through risk assessment that all staff who work alone are given suitable instruction on lone working procedures including communications, emergency procedures and any restrictions during lone working e.g. work at height.

Management of asbestos

- 4.23 Asfordby Hill Primary School complies with the HSE's approved code of practice '*Managing and working with asbestos, Control of Asbestos Regulations 2012, Approved Code of Practice & Guidance (L143)*'. The Asfordby Hill Primary School is committed to preventing exposure to asbestos fibres to all persons that enter onto its premises. The Asfordby Hill Primary School has a whole site asbestos 'management survey' (previously known as Type 2 survey) from which a local asbestos management plan (Lamp) has been developed. The Lamp along with the asbestos register will be kept up to date.
- 4.24 A minimum six monthly visual inspections of all identified asbestos containing materials (ACMs) that are not encapsulated or in restricted access areas are undertaken and documented; where necessary more frequent checks of ACMs will be undertaken. Any concern relating to known or suspected ACMs are addressed as per the procedures detailed in the Asfordby Hill Primary School's Lamp.
- 4.25 Prior to any works that will or has the potential to alter the fabric of the building; a 'refurbishment and demolition survey' (previously known as a Type 3 survey) will be procured in order to undertake a comprehensive assessment of the materials being disturbed prior to any works commencing. Where necessary works that are likely to disturb asbestos will be planned so as to avoid disturbance (re-routed) or the asbestos will be removed by competent licensed contractors prior to building works commencing.
- 4.26 Any changes to the building where asbestos any work on or the removal of asbestos has been carried out will be recorded in the asbestos register and kept with the school's Lamp.

Moving and handling

- 4.27 Asfordby Hill Primary School complies with the HSE's approved code of practice '*Manual Handling. Manual Handling Operations Regulations 1992 (as amended). Guidance on Regulations (L23)*'.
- 4.28 Within Asfordby Hill Primary School there are a variety of moving and handling tasks that may be necessary; this could range from moving files to assisting an individual with mobility issues. The Asfordby Hill Primary School manages the risk associated with moving and handling tasks by ensuring that:
- moving and handling is avoided whenever possible
 - if it cannot be avoided, moving and handling is properly planned, has a relevant risk assessment, is carried out by competent staff and carried out in a manner which is, so far as is reasonably practicable, safe
 - those undertaking specific moving and handling tasks have received appropriate training and training records are maintained
 - any equipment provided to assist with moving and handling tasks is maintained and serviced in accordance with statutory requirements
 - any defective equipment is taken out of use until repaired or is replaced

- an individual risk assessment will be completed for all new or expectant mothers and staff with identified medical conditions that may be affected by undertaking moving and handling tasks, these may result in some moving and handling task being restricted
- any accidents resulting from manual handling operations will be investigated to identify root causes and implement additional controls as required

Noise

4.28 The school will make any necessary arrangements for the assessment of risk, protection and other control measures where the noise levels reach the values as detailed within the Control of Noise regulations 2005

Occupational health services and work-related stress

4.29 Asfordby Hill Primary School acknowledges that there are many factors both work related and personal that may contribute to staff being absent from work through injury and ill health including stress.

4.30 The Asfordby Hill Primary School will follow the principles of the HSE guidance '*Managing the causes of work-related stress*' (HS(G) 218). The following arrangements are in place to locally manage staff health issues:

- employees are advised that it is their responsibility to inform their line manager, the Headteacher or another member of the senior leadership team of any ill health issues
- an appropriate senior member of staff will meet and discuss the ill health issues with the employee and consider what actions could be taken to support the staff member and where appropriate assist in reducing stress levels
- the member of staff will be offered a referral to an occupational health professional for advice and support, e.g. counselling, etc.
- the member of staff will be advised that support can also be provided through their trade union
- a series of regular review meetings will be scheduled to monitor ill health and stress levels where they have been identified
- if it is identified that there is a high occurrence of staff ill health or stress within the Asfordby Hill Primary School, the Headteacher will actively seek support to undertake a holistic assessment to identify what the possible root cause may be and implement a plan to improve the situation.

Off-site visits including school-led adventure activities

4.31 Asfordby Hill Primary School adopts the National Guidance for the Management of Off-site visits and LOTC activities. Activities will be logged on to the online EVOLVE system. LTS will provide advice via the EVOLVE system.

4.32 Governors will be provided details of all off-site visits.

4.33 Visit Leaders will create risk assessments for visits, the EVC will review the visit forms and risk assessments and the Head Teacher will approve the visit.

4.34 All approvals for off-site visits will be done by the Head Teacher or Assistant Head.

Risk assessment

4.35 Risk assessments are undertaken for tasks/activities where significant hazards have been identified or where there is a foreseeable risk of injury/ill health.

- 4.36 Within the Asfordby Hill Primary School various persons are tasked with the development of risk assessments based on their knowledge, experience and competence. Relevant staff will develop the risk assessments prior to consultation with all staff to which they are relevant prior to sign off. Risk assessments are accessible to staff at all times.
- 4.37 New and expectant mothers risk assessments will be conducted in line with HSE Guidance.
- 4.38 Young person's risk assessments will be carried out for staff working on site falling within this age range, as applicable.

Smoking

- 4.39 Asfordby Hill Primary School complies with UK law on smoking in both indoor and external spaces. The Asfordby Hill Primary School has a no smoking policy which extends to the limits of the curtilage of the site. The policy extends to the used of substitute inhalers and all types of vaping devices including e-cigarettes. The Asfordby Hill Primary School has signage on site and will ensure that persons seen smoking onsite are instructed not to do so.

Statutory Inspections

- 4.40 Asfordby Hill Primary School ensures that statutory inspections are undertaken at required intervals for all plant and equipment required. A table detailing required inspections, date of last inspection, date of next inspection and who is undertaking the inspection has been developed which is implemented by the Site Manager / Premises Officer and monitored by the health and safety committee.

Preventing workplace harassment and violence

- 4.41 The Asfordby Hill Primary School is committed to providing a safe and secure working and educational environment for staff, pupils and any other persons on its site. Where applicable, in addition to the control measures identified in the site specific lone working risk assessment, the following procedures are in place:

- Staff are advised to:
 - avoid confrontation if possible
 - withdraw from a situation or escalating situation
 - arrange seating so that a clear escape route from the room to a place of safety is available. Sit near the door, or use a room with two doors
 - contact emergency services, as appropriate.
 - inform the Headteacher or a member of the senior management team if confrontation has taken place

- Asfordby Hill Primary School will:
 - ensure the Headteacher or member of the senior leadership team to attend the site of an incident on being informed of an incident, if considered necessary
 - have in place procedures for the reporting of incidents
 - offer counselling/ support through Occupational Health
 - debrief individuals following any incident
 - provide training on how to manage conflict and aggression as required
 - review the appropriate risk assessments following any incident

Vehicles on Site

4.42 Access to the school site via vehicles is supervised at all times.

Water hygiene management

4.43 The Asfordby Hill Primary School will comply with the HSE approved code of practice '*Legionnaires' disease - The control of legionella bacteria in water systems*' (L8).

The Asfordby Hill Primary School will:

- employ an external person with relevant knowledge and competence to obtain initial advice on any necessary actions
- employ a competent external contractor to provide a suitable survey/risk assessment; with the risk assessment being reviewed at least every two years or whenever there is reason to suspect it is no longer valid
- Address any remedial actions identified by the survey including dead leg removal or drain down
- employ a competent external contractor to undertake water sampling and routine cleaning, maintenance and disinfection of water systems and thermostatic mixing valves (TMV's) as applicable
- ensure regular flushing of little used outlets is completed by a competent individual on a weekly basis
- employ a competent person to undertake monthly monitoring of water systems including temperature readings

Working at height

4.44 The Asfordby Hill Primary School will follow the principles of the HSE guidance '*The Work at Height Regulations 2005 (as amended) A brief guide*' (INDG401). Asfordby Hill Primary School use a variety of access equipment for working at height tasks including ladders, step ladders and kick stools. The Asfordby Hill Primary School ensures that:

- work at height is avoided whenever possible
- if it cannot be avoided, work at height is properly planned, has a relevant risk assessment, is carried out by competent staff and carried out in a manner which is, so far as is reasonably practicable, safe
- those undertaking work at height have received appropriate training and training records are maintained
- all access equipment (ladders, step ladders, tower scaffolds etc.) is identifiable and inspected as required
- any equipment provided to assist with working at height tasks is maintained and serviced in accordance with statutory requirements
- any defective equipment is taken out of use until repaired or is replaced
- an individual risk assessment will be completed for all new or expectant mothers and staff with identified medical conditions that may be affected by undertaking working at height tasks, these may result in some working at height tasks being restricted
- any accidents resulting from working at height will be investigated to identify root causes and implement additional controls as required

Workplace inspections

4.45 Asfordby Hill Primary School recognises the importance of undertaking regular formal workplace inspections to ensure that the premises remain a safe working and educational environment for

staff and pupils. A formal termly workplace inspection is undertaken with findings documented and any actions allocated with remedial actions. The termly inspection findings are reviewed with actions monitored for close out at the health and safety committee. It is recognised that termly inspections alone will not keep a premises safe and there is an expectation that staff will report any defects/damage to premises and equipment as per the Asfordby Hill Primary School's defect reporting procedure.

Monitoring and review

4.46 This Health and Safety Policy together with the associated procedures and health and safety performance, will be reviewed by the Governing Body and the Headteacher on a regular basis (every two years as a minimum), or as required.

4.47 In order to substantiate that health and safety standards are actually being achieved, the Asfordby Hill Primary School will measure performance against pre-determined plans and objectives. Any areas where the standards are not being met will require remedial action.

4.48 The Asfordby Hill Primary School will use different types of systems to measure health and safety performance:

Active monitoring systems

- spot checks and termly site inspections will be undertaken
- documents relating to the promotion of the health and safety culture will be regularly examined and reviewed
- appropriate statutory inspections on premises, plant and equipment will be undertaken
- where necessary, health surveillance and environmental monitoring systems will be implemented to check the effectiveness of health control methods and to detect early signs of harm to health.

Reactive monitoring systems

- identifying where health and safety standards are not being met, by monitoring for failures in the systems - such as accidents, cases of ill health (work-related sickness), damage to property, etc

Reporting and response systems

- ensuring that monitoring information is received, having regard to situations which create an immediate risk to health or safety, as well as longer-term trends and ensuring remedial action is taken
- health and safety committee, Governing Body and Senior Leadership team will all receive and consider reports on health and safety performance

Investigation systems

- investigations will be implemented for incidents proportionate to the severity of the incident. The investigation will incorporate systems to identify both the immediate and the underlying causes of events
- analysing data to identify common features or trends and initiate improvements
- where cases of occupational ill-health are to be investigated
- where complaints relating to occupational health and safety are to be recorded and investigated

- where accidents/incidents and assaults with the potential to cause injury, ill-health or loss are to be reported, recorded and appropriately investigated

Third Party Monitoring/ Inspection

- Asfordby Hill Primary School will be subject to third party inspection and monitoring, as part of Ofsted requirements. Actions arising from third party audit/inspection will be incorporated within the Asfordby Hill Primary School action plan with appropriate target dates for completion

Business Continuity

- 4.49 Asfordby Hill will create a business continuity plan, this plan will be used during events which have the potential to cause major disruption to our services. Although such events are rare, it is important that we have in place plans to help us manage and recover from these situations as they arise.
- 4.50 In the event of a major emergency or disruption, co-ordination and implementation of the business continuity plan is the responsibility of the Head Teacher and SLT. This group of employees will form the SEMT (Senior Emergency Management Team) in the event of a major emergency or major disruption.
- 4.51 A copy of the plan is available to all members of the SEMT on staff shared and they will ensure that pre-planning is carried out.
- 4.52 The business continuity plan will be reviewed annually, when there is a change in staff, when there is a change in arrangements, following an incident, when there is a significant change to the premises.
